*Motion to approve the June 15th 2022, meeting minutes, **(Ledford)**, seconded. Approved unanimously.*

5. Committee/Working Group Reports a. Staff Report

Donna and Kim met with Commissioner Anderson and James Marks. Kim provided an update on urbanized area designation. The census was pushed back to December. Had a statewide MPO meeting in May, and the update went well. Discussed partnership with DOT office and when reports will be submitted, whether that be monthly or quarterly. Brainstormed ideas and proxy voting. The recommendation was that proxy voting shouldn't be allowed at the policy board level but that it is ok at the steering committee level. Funding for the MPO is a concern due to there not being any seed money for operations or for reimbursement lead time. Commissioner Anderson suggested all the governments involved with the MPO submit resolutions of support for MVP MPO to become the MPO for the MatSu and also request the governor put seed money into the MPO for operations which could also be used to cover some of the membership dues. Once the resolutions are received, they will be put into a packet and sent to the governor. Kim has worked with Manager Brown to put the MPO on the Borough's legislative priorities list to get funding. If that doesn't pass, then will look into putting into a CAPSIS request. In the UPWP, changes will be made to the public transit program. Non-profits are not allowed to receive FTA federal funding directly.

6. Voices of the Visitors (Non-Action Items)

Todd Smolden with Governor's office agreed that it is a good idea to put forward a unified voice for funding.

7. Old Business a. 2023-2024 Unified Planning Work Program (UPWP) **(Action Item)**

Notification from DOT from Adam Moser that \$210,000 has been set aside for funding this year. Maybe \$500,000 will be available next year but we have not seen official notice yet. If the UPWP is approved, it will be available for comment from September 22 through October 21 and will also have an ad in the frontiersman which will announce that is it available for comment.

*Motion to approve the UPWP for public review for 30 days, **(Moosey)** with the request that a brief letter is sent to cities and tribes for UPWP introduction. Seconded. Approved unanimously.*

b. Operating Agreement • Purpose and Tasks – Policy Board **(Action Item)**

The governor will be creating the MPO. This Policy Board Purpose and Tasks[document has been reviewed by the Steering Committee twice and has been recommended for approval to the Policy Board.

*Motion to approve the Purpose and Task document for the Policy Board **(Ledford)**, seconded. No comments. Approved unanimously.*

• Policy Board member recommendations – **(Action Item)**

MVP for Transportation Pre-MPO Policy Board Meeting

Several months ago, it was decided to have a medium-sized board. Patrick Cotter discussed the options presented to the Pre-MPO Policy Board. There was one member from the Steering Committee that voted against the 7-seat government-only option that was selected.

Junge: If the boundary includes a non-attainment area, my understanding is that it would require a DEC action. Is that correct?

Sollien: Yes, DEC has a new staff member. As of now it will remain at the technical committee level. It is not likely at this point that the MPO will include the Butte.

Gardino: Clarify that the Technical Committee will have an air quality representative in the event there is an air quality issue. Later today we would like to recommend that the DEC have representation regardless of an air quality issue on the Technical Committee and have the caveat on the Policy Board representative.

Moosey: Understands using an only-government board and thinks it's best to agencies that represent other people. What is the rush on approving this now?

Gardino: If we can get the Policy Board and the Technical Committee established, we can get the operating agreement out to everyone next month and then out to member organizations' lawyers and the Attorney General. That takes time for the review process. It's better to get moving on the approval process and we hope to know what the minimum boundary will be in December. There is still opportunity to change who is on the Policy Board once we know the boundary, but we would be ahead of the game in executing the agreement.

Junge: The number 2 position, the Assembly or Mayor, how is that decided?

Sollien: The [MSB] Assembly, the Mayor, and the Manager will have a discussion and they will decide. It will not be a proxy.

Gardino: It is good to have the flexibility for the Borough to decide. If there are no more questions, we should have a motion on the floor.

Junge: Can we take a look at the Technical Committee makeup?

Gardino: It is recommended that the caveat be removed from the Air Quality representative so there is flexibility that the operating agreement wouldn't have to be reopened.

Junge: Is there a plan to have community advisory committees separate of the technical committee?

Gardino: We would hope to see that in the future. This is to get established before we bring on an Executive Director to manage the optional committees.

The Technical Committee is an advisory committee and does not make decisions. The technical committee will make recommendations to the policy board.

Motion to approve the 7-seat government-only representation policy board makeup as recommended (Junge), seconded. Passed unanimously.

- Purpose and Tasks – Technical Committee (**Action Item**)

MVP for Transportation Pre-MPO Policy Board Meeting

It was recommended that proxy voting be allowed at this level.

Motion to approve the Purpose and Tasks for the future Technical Committee **(DeVries)**, seconded.

Junge: Voiced concern over proxy voting since the committee is down to seven members. If this becomes a problem in the future, this could be reconsidered as a board.

Approved unanimously.

- Technical Committee member recommendations – **(Action Item)**

Gardino: Recommend to delete the caveat on 16 so that the DEC is present regardless of an air quality issue.

*Motion to approve the technical committee makeup with the removal of the caveat on 16 **(Ledford)**, seconded. Approved unanimously.*

- Other issues

c. Membership dues

Presented in June which included the need for seed money. Fairbanks operations were used as an example. Other ideas were brought forward by request. Patrick Cotter summarized other MPO examples and put together a spreadsheet of alternative structures. The recommendation from the Steering Committee was to use the population-based formula with the caveat that the census and boundaries are not yet final. More information is needed to put dollars to paper. The dues are not part of the operating agreement. The dues structure will be decided in the future and documented in agreements.

This isn't an action item for today but will be brought back once more information is received.

There has not been any conversation about chairs and co-chairs. It was decided that the Technical Committee and Policy Board would not be official until at least after the Census data is released. Additional information on chair and co-chair will be in the bylaws. It is flexible and could be voted on, for example, every November. As part of the non-profit documentation, the president, vice president, and secretary will be discussed as well.

11. Pre-MPO Policy Board Comments

Hoskins: Hope the board works with an executive director to consider a bike and ped advisory committee for a public forum.

Charles: Knik Tribe is ready to lend itself to the MPO, municipal partners, and the DOT.

12. Adjournment

*Motion to adjourn (**DeVries**), seconded. None opposed. Adjourn at 2:15 pm*

Comments and Response Summary

1	I don't think this statement is correct - on page 18 it states- Upon designation as an MPO, the Mat-Su MPO transit providers will be eligible to apply for the urbanized FTA 5307 formula grants and other competitive grant programs. I think the MSB will be eligible as a direct recipient but the non-profits are not. The MSB is in the process of developing a program to make these funds available to providers but we don't know what that will look like at this time.	Will modify this to read: Upon designation as an MPO, the Mat-su MPO transit providers will not be able to directly apply for FTA 5307 as non-profits are not eligible to be direct recipients of this program. The MSB will develop a program to make these funds available.
2	Insert a quick definition of fiscal constraint	Done.
3	Page 2: Change July date for designation as an urban area	Changed to December
4	Page 2, first paragraph: Are these the correct dates?	Modified to 2020 - 2022.
5	Page 4: Add a quick explanation of GIS for the public audience. Note that this is for map analysis/mapping. Good to remember that all documents are available to the general public and should be understandable by technical and non technical audiences.	Done.
6	Page 5: Add a discussion of regional priorities at the bottom.	Done.
7	Page 11: Could mention the self-certification document and its location in the TIP.	Done.
8	PL should be defined/explained in the Budget on the next page or in its own funding section. Also best to explain the match source.	Done.
9	A checklist provided by FHWA is attached and the following items were addressed:	
a.	Provided a map of the MPO Planning Boundary	Map is not available until after release of urbanized area boundaries and development of the boundary
b.	Approval/Resolution by MPO Board	Once approved by the PB, the Action Item approving this UPWP will be forwarded along with the final UPWP.
c.	Include a discussion of regional planning priorities. Not necessary now but need to include once MVP for transportation is designated as the MPO.	Done.
d.	Description of proposed planning activities for the next fiscal years(s)	Already included although a suggestion was made to group activities 100(f) to 100(j) under an administrative category.

The Honorable Mike Dunleavy
Governor of Alaska
State Capitol
Juneau, Alaska 99801

Dear Governor Dunleavy:

MatSu Valley Planning for Transportation (MVP for Transportation) is the Matanuska-Susitna (MSB) Pre-Metropolitan Planning Organization, whose development is currently being supported by the MSB and the Alaska Department of Transportation and Public Facilities (ADOT&PF). It is anticipated that the U.S. Census will designate a portion of the MSB core area as urbanized in December 2022. Once urbanized, an MPO must be formed and designated by the Governor within one year to receive federal transportation funding.

MVP for Transportation is requesting \$1,000,000 in funding from the Governor of Alaska in the FY 2024 budget to support the formation of MVP for Transportation. Seed funding for the newly formed MPO is necessary because federal funding for planning projects for the MPO will come through the State of Alaska as a reimbursable grant. As a new non-profit organization, MVP for Transportation will need to pay for initial operating expenses and cover the lag time between ADOT&PF grant reimbursements, which can take up to six months. Funds may also be used to:

- Initiate the development of the short-term Transportation Improvement Program (TIP) and long-term Metropolitan Transportation Plan (MTP), as well as other plans as determined by the Policy Board of the MPO;
- Hire an Executive Director to manage the organization in anticipation of receipt of annual federal Planning funds;
- Provide membership fees and annual maintenance dues for the State of Alaska ADOT&PF, and others, to become members of the decision-making body of the MPO as members of the Policy Board;
- Provide the non-federal share for Planning Funds and possibly capital funds into the future; and
- Operate the MPO.

On behalf of MVP for Transportation, we appreciate your continued support of the transportation needs in our growing community.

Sincerely,

Kim Sollien
Interim MPO Coordinator

1. Resolution No. 22-029

Summary Statement/Background:

The Mat-Su Pre-Metropolitan Planning Organization, MatSu Valley Planning for Transportation (MVP for Transportation), is seeking funding from the Governor of Alaska in the FY 2024 budget to support the formation and operations of the new Mat-Su Metropolitan Planning Organization (MPO).

MVP for Transportation is the group that has been planning for almost two years for the development of a new MPO within the Mat-Su Valley.

An MPO carries out the metropolitan (transportation) planning activities for the urbanized area. It is anticipated that the U.S. Census will designate some portion of the Mat-Su Borough core area as an urbanized area in December 2022.

With the urbanized area designation, an MPO must be formed and designated by the Governor within one year to receive federal transportation funding.

This will be the third designation of an MPO within the State; AMATS in Anchorage and FAST Planning in Fairbanks are the other two MPOs.

After many meetings and analysis of various organizational structures, the Pre-MPO Policy Board (listed below) unanimously supported the formation of the new MPO as a non-profit organization, like FAST Planning in Fairbanks.

This resolution is in support of a funding request to the State of Alaska to form and operate this new non-profit organization. Seed funding for the newly formed MPO is necessary because federal funding for planning projects for the MPO will come through the State of Alaska as a reimbursable grant.

As a new non-profit organization, MVP for Transportation will need to pay for initial operating expenses and cover the lag time between ADOT&PF reimbursements. These reimbursements can take up to six months. As a new organization, it will not have the resources to operate without seed funding.

The MVP for Transportation steering committee and the Pre-Policy board is requesting seed money from the Alaska Legislature in the amount of \$1,000,000 to support the formation of MVP for Transportation and to: Initiate the development of the short-term Transportation Improvement Program (TIP) and long-term Metropolitan Transportation Plan (MTP), as well as other plans as determined by the Policy Board of the MPO

- Hire an Executive Director to manage the organization in anticipation of receipt of annual federal Planning funds
- Provide membership fees and annual maintenance dues for the State of Alaska ADOT&PF, and others, to become members of the decision-making body of the MPO as members of the Policy Board
- Provide the non-federal share for Planning Funds and possibly capital funds into the future; and
- Operate the MPO

Administration's Recommendation:

Approve Resolution No. 22-029 supporting the formation of the MPO and for seed funding by the State of Alaska.
